

NATIONAL FINALS 2022 DRESSING ROOM & DANCERS CHECK-IN INFORMATION

We are asking that dancers please not gain access to the dressing areas until at least 45 minutes prior to the start of their designated competition block.

DRESSING AREAS

There will be four designated female dressing areas throughout our competition. Not all four rooms are available on each day due to our event schedule. Please refer to the very specific chart on page 3 (scroll down) to see which female dressing rooms are available on any given day. Only female dancers, teachers and guardians may gain access to the female dressing areas at any time during the competition portion of our event.

There will be one designated male dressing area open throughout the entire competition portion of our event. Only male dancers, teachers and guardians may gain access to the male dressing area at any time during the competition portion of our event. The male dressing room will always be how a male dancer/teacher gains access to our backstage and line-up area.

We will not assign dressing rooms during any portion of our competition. Female dancers may choose between the designated female dressing area(s) for each day.

DANCERS ARRIVAL TIME TO DESIGNATED DRESSING AREA(S)

Due to our event schedule and our commitment to start each assigned block at the time noted on the competition schedule, we are asking that dancers who are scheduled to compete towards the beginning of any designated block please not arrive to the dressing area(s) any earlier than 45 minutes prior to the *start* of their competition block (daily opening times are listed above). Since it is possible that we may run slightly ahead within a stated competition block, we ask that dancers who are scheduled to compete towards the middle to end of a designated competition block need to arrive 1 hour prior to their estimated competition time on schedule and be prepared for the possibility of taking the stage early. The best suggestion is to keep an eye on our livestream feed throughout the event.

- When arriving to dressing areas, dancers need to already be fully warmed up, dressed in their first costume and ready to compete!

DANCER BACKSTAGE CHECK IN

1 dancer (or teacher) representative from each routine is asked to check in backstage approximately 5 numbers ahead of their scheduled performance. At that time, our Dupree team members will let you know when you can enter the backstage area from the designated dancer's line up area. Only dancers from routines that have been approved to check in along with studio VIP's can gain access to backstage at any time during our competition.

GAINING ACCESS TO DANCERS LINE UP AREA

Our female dancers/teachers (VIP's) will gain access to our line up area through the back end of Dressing Room A. If Dressing Room A is not available on any given day, female attendees can go through Dressing Room B to gain access to our holding/check-in area.

*** All male dancers and male teachers (VIP's) must gain access to both our backstage and line-up area through the male dressing room only. If a male dancer does not require a dressing room, he must still enter the backstage area through the male dressing room.*

We will have 2-4 Dupree team members at all times directing and controlling our line up and backstage area.

ADDITIONAL DRESSING AREA RULES

Dancers must arrive dressed and ready in their first costume and are asked to be as space conscious as possible when packing their dance bag(s) that will accompany them in the dressing area. All performers must adhere to clearing the dressing area by/before the end of their competition set (preferably before their designated awards ceremony if possible). Dancers are to only occupy the designated dressing area during competition block in which they are personally performing during. Dupree Dance is not responsible for any items that may be left in the designated dressing areas.
